Our Hands-Off Promise to You

We Handle the Heavy Lifting

Our main goal is to make this process as effortless as possible for you. You don't need any technical skills or web development experience—Lael Studio handles all the coding, setup, configuration, and technical heavy lifting from start to finish.

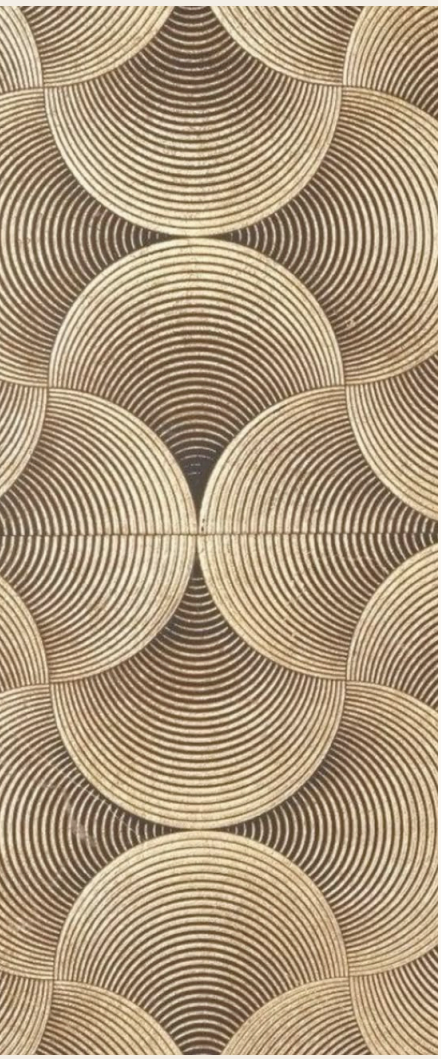

Where We Need Your Cooperation

1. The only step that requires your active cooperation is during the Account Handoff stage at the end of the project. To ensure you have 100% full ownership and authority over your website, we will guide you through accepting the transfer of your domain and hosting accounts into your own name.
2. This guarantees that your business retains total control over your digital assets and allows you to handle direct annual renewals (ex. your domain) without relying on a middleman. We will walk you through every step of the handoff to make it quick and simple!

100% Secure International Payments

No matter where you are located in the world, your transactions are completely safe. All payment links sent to you use bank-grade, encrypted processing via. Paystack. Even though your payment travels internationally directly to Lael Studio, your sensitive payment details are fully protected every step of the way.

LAEL *Studio*

Phase Breakdown, as *client*!

01	**Deposit and Domain - Setup**	1-3 business days
02	**Design and Brief**	1-5 business days
03	**Development**	1-11 business days
04	**Final Payment**	Upon approval
05	**Account Handoff**	Within 24 hours

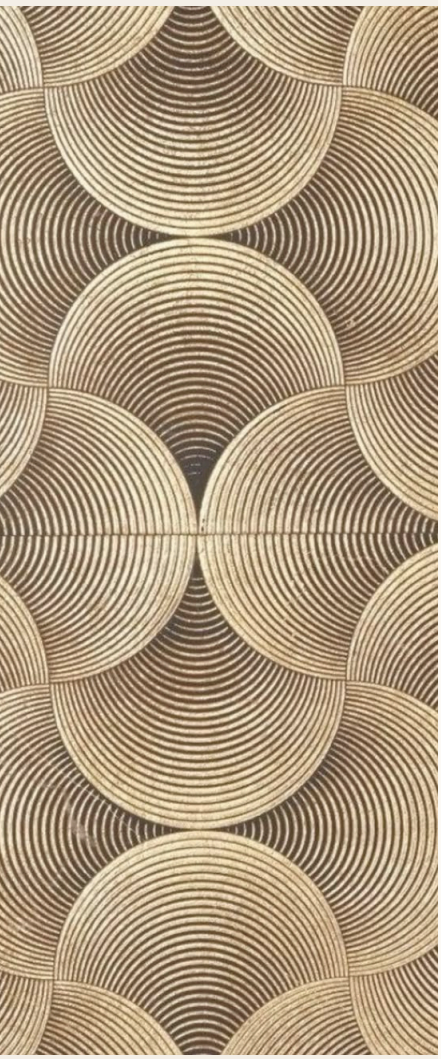

The Details

Deposit and Domain - Setup

1. Lael Studio will reach out to you within 1-3 business days
2. Lael Studio will discuss with you what package you need.
3. You will receive a payment link for a 50% deposit via Paystack
4. You will receive a payment confirmation.

Design and Brief

1. After deposit payment confirmation, discuss with Lael Studio what domain name you want, design and layout ideas, and give logos and images if available.
2. Lael Studio will secure the domain and setup costs, and create a mockup of your website
3. Expect a mockup within 1-5 business days (image only)
4. You must communicate any changes you want, or give your approval

Development

1. After design approval, coding and design development will start, contact forms will be set up, SEO's will be applied, Google Analytics will be set up, your website will be connected with hosting platforms, your custom domain will be connected, DNS records will be updated, SSL verified, and all interactions will be tested.
2. Within 1-11 business days since approval of design and layout mockup, you can expect a temporary link with your live website, for you test, review, suggest changes within your limit, or approve.

Final Payment

1. Upon final approval of website, you will receive a payment link to settle your outstanding fees, so that account handoff can begin.
2. Upon payment confirmation, you will receive your own live weblink, Source Code, Handover Guide, and Renewal guide.

Account Handoff

1. Lael Studio will assist with the Handover Guide, to transfer everything to your accounts, so that you have full authority over your website.
2. Confirm with Lael Studio that you have correctly accepted all ownership offers.

Future care

1. Annually, you will need to renew your domain name directly with your domain registrar (e.g., Namecheap). This is an industry-standard requirement for keeping any website active on the internet. Lael Studio does not collect or make any profit from these recurring fees, nor do we manage renewals after the initial handover. You will receive a quick Renewal Guide to make managing your account effortless.
2. For future updates and tweaks, you are always welcome back! For returning clients who need quick content updates down the line—such as updating prices, replacing images, changing text, adding promotional discounts, adjusting business hours, or updating address details, Lael Studio offers minor website updates for a small fee. If you need structural changes, such as adding new sections, redesigning pages, or introducing new functionality, simply reach out with your ideas and Lael Studio will provide a custom quote based on the project scope.

And that's all!
If you have any question feel free to ask.
